PROFESSIONAL SUMMARY

I am a full-stack web developer with a background in journalism, and I am passionate about creating engaging online experiences for diverse audiences.

EXPERIENCE

Amerimark Direct, LLC, Web Developer

Middleburg Heights, OH - Nov 2020 - Current

- Developed front and back end solutions using HTML5, Less, CSS, JavaScript, jQuery, Progress OpenEdge, and Git version control.
- Completed training in React, SQL, and web accessibility.
- Contributed to the redesign of five sites to make each responsive and reduce reliance upon third parties.

Self-employed, Freelance Writer

Jan 2020 - Current

- Wrote magazine articles for *Teen Vogue* and *LGBTQ Nation*.
- Researched and reported original news stories for *The Athens News* and *The Athens Messenger*.
- Worked as a ghostwriter for We Write Blog Posts, later promoted to an editing position.

North Coast Media, Web Developer

Cleveland, OH - Jan 2020 - Jul 2020

- Full stack development of websites using HTML, CSS, JavaScript, jQuery, Git, WordPress, PHP, SQL, Google Tag Manager.

Ohio University, Graduate Assistant in Journalism

Athens, OH - Aug 2017 - May 2019

- Studied the fundamentals of online journalism, communication law, and media economics to become a well-rounded professional in the journalism field.
- Worked as a research assistant in journalism for varied university departments.
- Received mentorship from top professionals in the journalism industry.

Americorps - La Puente Shelter, Community Educator and Volunteer Coordinator

Alamosa, CO - Aug 2016 - Jan 2017

- Created news and radio press releases on behalf of a rural homeless shelter.
- Gathered and edited stories for and designed a 32-page storybook on behalf of the organization. Used Indesign and Adobe Photoshop.
