PROFESSIONAL SUMMARY

I am a full stack web developer passionate about creating accessible online experiences for diverse populations. I believe that responsive design is key to creating a more usable Internet, and I work closely with design professionals and informational technologists to bring their visions to life.
Portfolio at beccakingwebdev.info.

EXPERIENCE

Amerimark Direct, LLC, **Web Developer**
Middleburg Heights, OH - Nov 2020 - Current

- Initiated small web projects independently and contributed to large team effort on others.
- Completed technical development and application tasks per approved project standards and allocated budgets.
- Coded sites in multiple languages, including HTML, JavaScript, jQuery, and Progress OpenEdge.
- Created fully responsive webpages according to design specifications using CSS and Less Preprocessing.
- Used Git version control to track projects and organize parallel tasks.

North Coast Media, **Web Developer**
CLEVELAND, OH - Jan 2020 - Jul 2020

- Developed and maintained websites using JavaScript, HTML, and CSS, with Git version control and a Wordpress backend. Implemented responsive design updates, Google reCAPTCHA validation and Google Tag Manager analytics tracking. Created mockups and resized photos in Adobe Photoshop.
- Developed websites to work properly across multiple browsers, including those created by Microsoft, Google, and Mozilla.

Ohio University, **Graduate Assistant**
Athens, OH - Aug 2017 - May 2019

- Created and maintained digital media platforms, including Wordpress websites.
- Learned about the principles of online journalism as they apply to the fields of medicine and environmental science.

Americorps - La Puente Shelter, **Community Educator and Volunteer Coordinator**
Alamosa, CO - Aug 2016 - Jan 2017

- Developed, prepared, and presented program information to guide awareness, share findings, and build community relationships.
- Introduced to Adobe Photoshop and Indesign through training with a professional graphic designer.
